2.1.1- Report of Prof. T Abraham Varghese Memorial Talk- Edition 2

Prof. T. Abraham Varghese was born in February 1933 in Pathanamthitta district and completed his schooling at Catholicate HSS. Later, he earned a BSc. in Botany from Mar Ivanios College in Thiruvananthapuram, as well as an MSc. from Dr. Hari Singh Gour University, also known as Sagar University or the University of Saugor, Madhya Pradesh, India. He also earned a Bachelor of Education in Natural Science from St. Joseph Training College in Mannanam. He was well-versed in classical botany and has worked tirelessly to bring a postgraduate course in pure botany to his alma mater. He always expressed his unfulfilled dream of establishing an MSc. Botany course at Baselius College. He was the Head of the Department of Botany from 1976 to 1993, until his retirement. He was good in biblical matters and a true theist. He maintained a good rapport with younger faculty and colleagues. In order to refresh his memories and contributions, the Department of Botany at Baselius College organized a memorial lecture, and invited renowned

plant taxonomist, Dr. Mathew Dan (retired scientist), JNTBGRI-Palode, Thiruvananthapuram, on January 18th, 2024. The meeting began with a prayer by Ms. Saniga Sajeev, second-year BSc. Botany student., followed by a floral tribute to the departed soul. Dr. Arabhi P., Head of the Department of Botany (i/c), welcomed the gathering., followed by the presidential address of the Principal, Prof. Dr. Biju Thomas. Dr. ME Kuriakose, Secretary, MOC Colleges made a reminiscence. Dr. Krishnaraj MV., Coordinator of the Second Edition, introduced Dr. Mathew Dan, Retired Scientist, JNTBGRI, to the audience. Dr. Dan delivered the keynote address on the topic "Flora in the Bible". Finally, Dr. Krishnaraj MV proposed a vote of thanks. The family members of the late professor were present, and they expressed their gratitude to all colleagues.

2.1.2- Observance of World Environment Day 2023 -Theme: Beat Plastic Pollution Sub Theme: Waste to Biomass- REPORT- WORKSHOP ON BIODEGRADABLE WASTE MANAGEMENT (5th June 2023)

As part of the World Environment Day celebrations, the Department of Botany, Baselius College organised a workshop under the title Waste to Biomass on 05.06.2023 at the Botany laboratory. The programme started after a welcome speech by Dr Krishnaraj M.V., Association teacher in-charge 2023-24, stressing the need of waste management at source itself. He also introduced the resource person, Dr Nibu A. George, Assistant Professor, Department of Physics, Baselius College, Kottayam. Dr. Nibu brought all the materials to make a biodegradable bin. With the help of students, the resource person assembled a low-cost bin. The biodegradable waste materials are processed with the help of Black Soldier fly Larvae. Following lectures, active discussion and discourse by students and faculty members happened, which made the session lively. Mr. Niranjan Biju, Association Secretary, proposed a vote of thanks. Out put: Students, along with the resource person, have made a low-cost bin for the processing of biodegradable waste by using soldier fly larvae. They also received practical instruction in the construction of a biodegradable waste management.

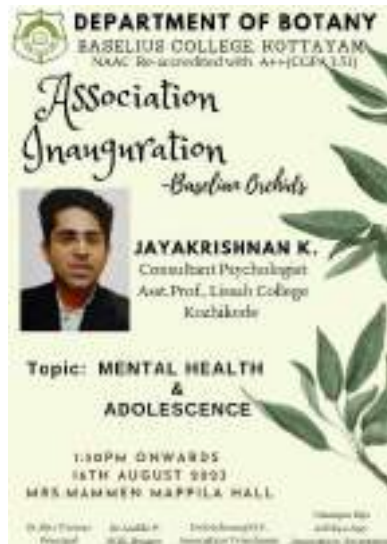

Dr. Nibu A. George, Assistant Professor, Department of Physics, Baselius College, Kottayam leading the workshop on Biodegradable waste management using Black Soldier Fly larvae dated 05.06.2023 @ Department of Botany, Botany Laboratory, Kottayam

2.1.3- Report of talk on Mental Health and Adolescence by Mr.Jayakarishnan K., Psychologist in charge,

Govt. College, Nattakom

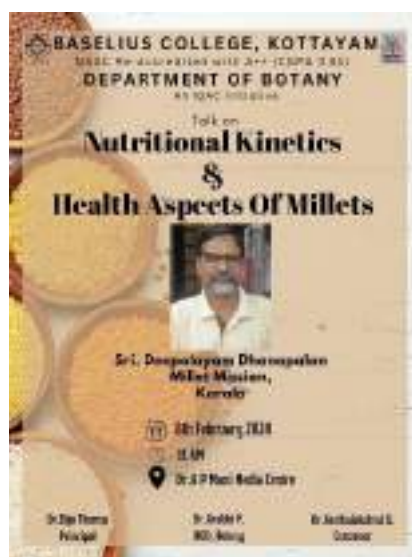

On August 16th, 2023, the Baselian Orchids, Botany Association 2023–24 held its official opening. Ms. Saniga Sajeev, a second-year botany student, opened the meeting with a prayer. Dr. Krishnaraj MV, the association teacher in charge greeted everyone and gave a brief overview of what was going to happen. The head of the department (i/c) of Botany, Dr. Arabhi P., gave a presidential speech before lighting the lamp. Vice Principal Prof. Dr. Jyothimol P., gave a felicitation speech. In his discussion on mental health and adolescence, Mr. Jayakarishnan K., the psychologist in charge of Govt. College, Nattakom, covered a variety of topics that adolescents encounter nowadays. He believed that in order to succeed in life, one must have good mental health. The Association Secretary, Ms. Adithya Ajay, proposed a vote of thanks.

Mr. Jayakarishnan K., Psychologist in charge, Govt. College, Nattakom officially inaugurating the program and leading the class

2.1.4. Report of aTalk- Millet day awareness with Millet Mission, Kerala

Millet is a good source of protein, fiber, key vitamins, and minerals. The potential health benefits of millet include protecting cardiovascular health, preventing the onset of diabetes, helping people achieve and maintain a healthy weight, and managing inflammation in the gut. Millet is an adaptable grain. The United Nations General Assembly at its 75th session in March 2021 declared 2023 the International Year of Millets (IYM 2023). FAO is the lead agency for celebrating the Year in collaboration with other relevant stakeholders. Millets can grow on arid lands with minimal inputs and are resilient to changes in climate. They are therefore an ideal solution for countries to increase self-sufficiency and reduce reliance on imported cereal grains. In order to give an awareness about the benefits of millets in daily life the department of Botany, Baselius College has conducted an awareness lecture entitled as Nutritional Kinetics and Health aspects of Millets by Sri. Deepalayam Dhanapalan, Millet Mission, Kerala on 8.02.2024 at Dr AP Mani Media Centre. The health aspects of millet food and various culinary preparations were dealt in detail and doubts of students were cleared. 66 students from various departments were actively participated in this program.

Sri. Deepalayam Dhanapalan, Millet Mission Kerala is speaking to students

2.1.5- Report of PMRF Scholar lecture series 2023-24

To instil scientific awareness among students and introduce them to the immense possibilities of research department of botany welcomed PMRF fellow Ms Mabel Maria Mathew to engage classes to final year BSc. Botany students during their 6th semester. She covered various topics of Molecular biology like experiments proving the structure of DNA, Transcription, Translation, gene expression, and Gene Regulation. She had shared first-hand knowledge on the latest cutting-edge technology, pioneering discoveries and novel thoughts in the field of science and technology to students. She took classes on 5.02.2024, 6.02.2024, 8.02.2024 and 15.02.2024, covering majority of the topics in cell and molecular biology.

Ms. Mable Maria Mathew-PMR Fellow is taking the class for final yaer BSc.Botany students

3	World Mushroom day- Photography contest	Inter Collegiate and open to public	112

2.2.b.1. Report of Dr AP Mani Memorial Inter collegiate quiz 2023-24

Botany is the study of plants within the field of biology. It can be subdivided into the fields of morphology, physiology, ecology, systematics etc. Botany is important because it provides the basis for our understanding of how to produce crops which provide food and fabrics. To inculcate interest and enthusiasm in the field of botany, department of botany, Baselius college, Kottayam organised all Kerala inter collegiate botany quiz competition after the name of founder Principal and First Head of the department of Botany, Dr AP Mani entitled as “Dr AP Mani Memorial Inter collegiate Botany quiz”. It was held on 12.01.2024 at Mrs.Mammen Mappillai Hall of Baselius College, Kottayam after a preliminary round of elimination. Dr Sajish PR, Assistant Professor Dept. of Botany was the convenor and Ms. Adithya Ajay was the student coordinator. 11 colleges registered for the event. Ms. Arya Sabu and Ms. Bhavya Balagopal of the Department of Botany, CMS College Kottayam bagged first prize, followed by Ms Swathy G and Ms. Bhadra

Krishnakumar of the Department of Botany, Catholicate College, Pathanamthitta, and Ms Anjana M Sabu and Ms. Gowri Gireesh of the Department of Botany, Nirmala College, Muvattupuzha were bagged second and third prize respectively. Dr. Maya S. Nair, Assistant Professor and Head of the Department of Botany, NSS College, Cherthala was the quiz Master.

Dr. Maya S Nair, Assistant Professor, Department of Botany, NSS College, Cherthala as the quiz master

Of Dr AP Mani Memorial Inter collegiate quiz

2.2.b.2. Inter collegiate Botany quiz by Kerala Botanical Society(KBS)-Preliminary round purple zone

Department of Botany, Baselius College, Kottayam has conducted Preliminary round of quiz competition after Kerala Botanical Society (KBS) on 31.01.2024 at Botany Laboratories. Eight participants from four colleges under the purple zone were participated. Dr Krishnaraj MV., Assistant Professor, Department of Botany, Baselius College, Kottayam coordinated the event. The questions were received online prior to the starting of competition. Out of four teams, CMS College Kottayam was selected from the purple zone to participate in the final event at SB College, Changanacherry.

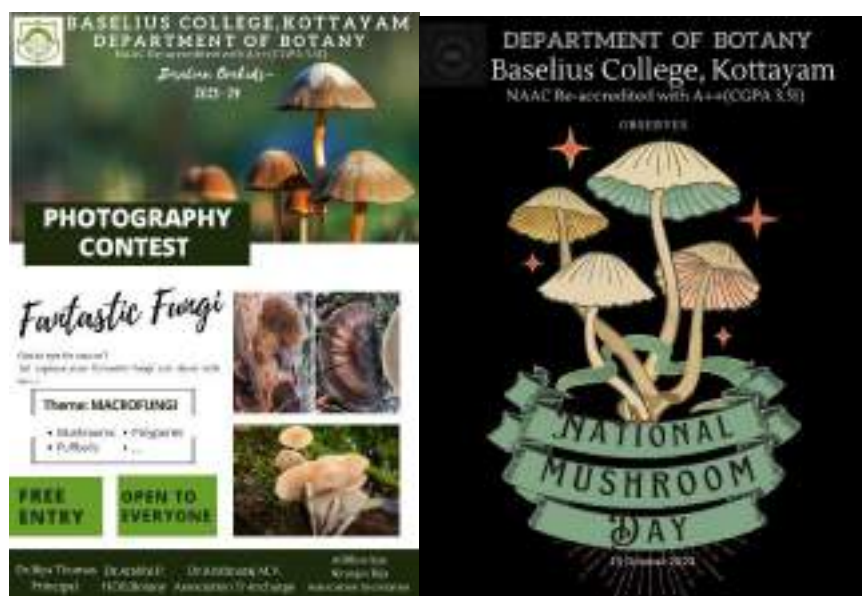

Students attending preliminary round of KBS quiz –purple zone at Botany laboratory

2.2.b.3. Report of World Mushroom day-Photography contest-2023-24

Department of Botany, Baselius College in association with Baselian orchids observed World Mushroom day on 15 th October 2023. Two programmes were arranged with special emphasis to Fungi. Association representatives and students were decided to build a model depicting Fungi and an inter collegiate mushroom photography contest to be held online. Students made a model using degradable thermocol and paper and exhibited in front of the department. We have received 112 registrations from Kerala and adjoining states. From the selected Mushroom photographs, Dr Ratheesh S, JNTBGRI, Palode has bagged First prize for his photograph of *Phallus indusiatus* and Akhila Raj of the department of Botany, St.Thomas College, Kozhencherry got second place for her photograph of *Coprinellus disseminates*.

Student activity- Mushroom model preparation by association

https://drive.google.com/drive/u/1/folders/1t3x8tCjmr0PHHt_UHIKzwLhouBAPpax3

S1 No	Title of the Programme	Nature of the programme	No. of participants
1	Skill development-workshop-flower arrangement	Skill development programme	44
2	Skill development course-in connection with KVK-Agribased microenterprises	Skill development course	21
3	Orientation class – Product development training programm	Skill/entrepreneurship development programme	67

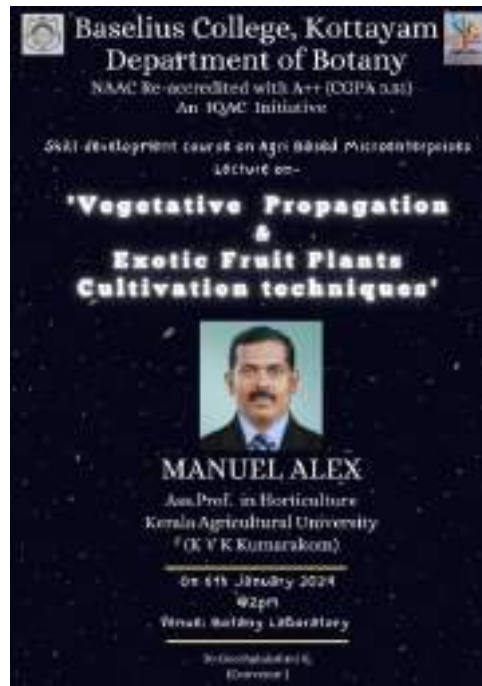

2.5.1. Report of skill development workshop on Flower arrangement 2023-24

In order to spend leisure time effectively and as part of curriculum extension, department of Botany, Baselius college, Kottayam has organized a training in flower arrangements especially to faculties of various departments and open course students of 2023-24 batch on 19.10.2023. Dr. Smitha S., of the department of Botany, CMS College, Kottayam was served as the resource person. The programme was started with a briefing by the resource person through PPT session about various tools and techniques employed in flower arrangements. Followed by this, students were trained in bouquet making and various other flower arrangement styles by the resource person. 44 students and various faculty members were present during the training session. The bouquets were then distributed to various departments as an exhibit.

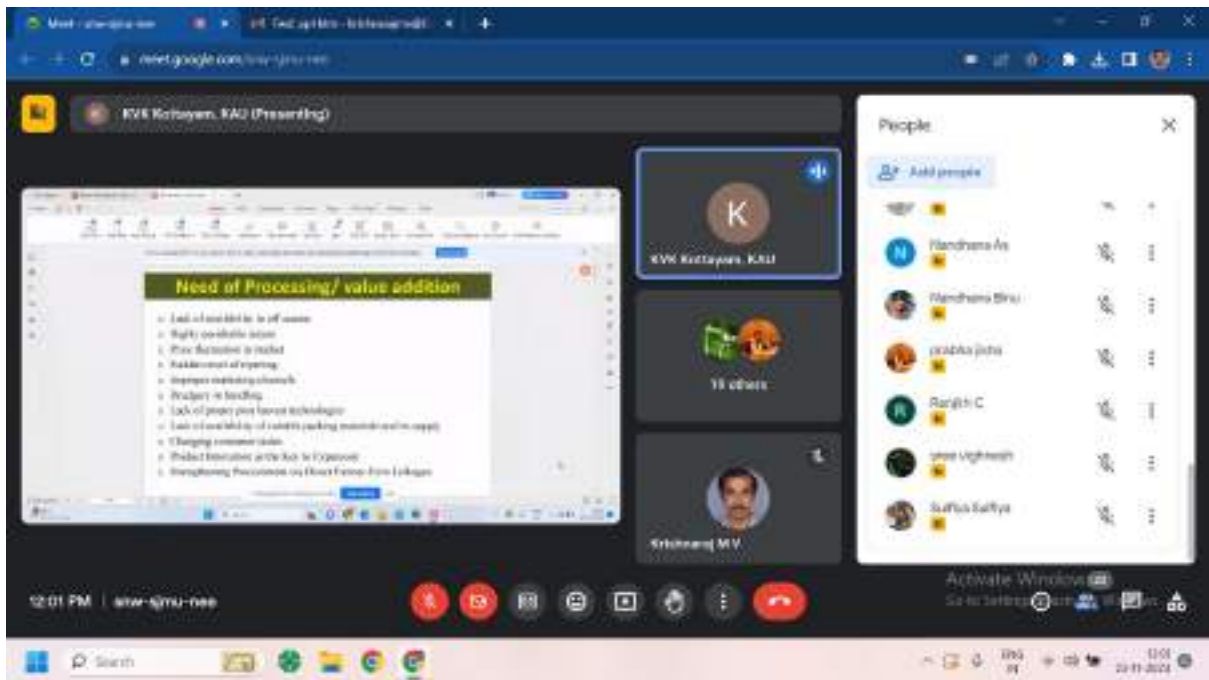

2.5.2. Report of Skill development course-in connection with Karshika Vigyan Kendra-Kumarakaom-Agribased microenterprises

In order to impart skill in botany related topics to undergraduates, department of Botany, Basilius College, Kottayam has started a collaborative learning venture with Karshika Vigyan Kendra-Kumarakom-entitled as Agribased microenterprises. A syllabus of 30 hrs will be covered either offline or online. During the 2023-24 academic year Dr. Jisha A Prabhakar and Dr Manuel Alex, Assistant Professors, Department of Horticulture, KVK Kumarakom are the resource persons. They have covered various topics included in the syllabus with special emphasis to hands on training in food processing and artificial vegetative propagation techniques of crop plants. Students got hands on experience in various food processing methods such as jam, jelly preparations and how to store and sell it in the market etc.

2.5.3. Report of Orientation class on Product development training program

Entrepreneurship is the process of turning a concept into a developed product. Understanding the significance, it can help you to decide your career path. The importance of entrepreneurship in career development is demonstrated by a group of youngsters under Zaara Biotech on 16.06.2023 at Educational Technology Seminar Hall. Zaara biotech is a Biotechnology Start-up company established in 2016 focusing on Research in Energy and Food crisis using Micro- Algae. In collaboration with the Indian Council of Agriculture and Research-CIFT Cochin, Govt. of India, The company is manufacturing India's First Algal- Seaweed Food products and other FMCG products to ensure complete family care. It was a joint programme with the department of Zoology. 67 students from both the departments were attended the program. The team gave insight into the development of an idea and its fulfilment to a product and later space in the market.

We help you to
create something new to market

Let's Channelize your technology to market

BE AN ENTREPRENEUR
BE A PRODUCT DEVELOPER

2.8.1. Report of Career Orientation to Biology students 2023-24

Ms. Mabel Maria Mathew was a PMRF scholar who visited our department of Botany as part of her teaching internship during the first week of February 2024. She engaged students to various portions of Molecular biology and also as part of her internship opened the door of various career opportunities to Biology students. A combined programme was organised by the department of Botany and Zoology of Baselius College, Kottayam on 6.02.2024. Dr Krishnaraj MV., Assistant Professor, Department of Botany, introduced Ms. Mathew to the audience. She was a PMRF scholar since 2020 and currently received the grant of European Molecular Biology Organisation(EMBO). She beautifully handled the session and cleared all doubts of students.

2.8.2. Report of STEPS- Alumni interaction 2023-24

In order to strengthen the confidence of botany graduates we have started a new interactive program using successful graduates from our department and the first session was by Mrs. Elizabeth Reeta Raju on 15.12.2023 at Botany laboratory. She made a chat with First, Second and Third year Botany students and motivated them to pursue a career in Botany. Mrs. Elizabeth Reeta Raju was graduated from the department of Botany, Baselius College, Kottayam in 2015 and completed her MSc. in Biotechnology from Vellore Institute of Technology(VIT). Currently she is working as a Regulatory Affairs Specialist, demonstrating a remarkable proficiency in analysis with 6 years of hands-on experience in regulatory affairs, research, and development in the biopharmaceutical sector. She embarked on her career as a research scientist in upstream process development. Through this journey, she got an opportunity to navigate the intricacies of biopharmaceutical regulations globally, and today she adeptly oversee regulatory strategies and approvals for a US-based client within the sphere of global health organizations. Regulatory affairs professionals in the biologic industry are responsible for understanding and interpreting regulations and guidelines set forth by regulatory authorities. They ensure that biologic products and their associated documentation meet all necessary requirements.

2.8.3. study tour

https://drive.google.com/drive/u/1/folders/1t3x8tCjmr0PHHt_UHIKzWLhouBAPpax3

Field trip to Thirumullavarum-Sambranikodi area by D2 botany students to collect algae and familiarisation of coastal vegetation especially mangroves dated 12.08.2023

Field trip to Vagamon by D1 Botany students to collect plant diversity dated 12.09.2023

Field Trip to Chennai-Mahabalipuram by D3-Botany students to collect flowering plant diversity dated 11.02.2024

2.8.4 Report of QR Code labelling of Campus trees-2023-24

As part of Diamond Jubilee celebrations of Baselius college, Kottayam, department of botany initiated the labelling of campus trees with unique identification system known as QR Code labelling. The QR code is linked to the website database containing all tree species information. The generated QR codes were attached to trees, and when scanned, the website is automatically launched and the tree information is retrieved. The program was inaugurated by the Principal Prof. Dr.Biju Thomas on 16.03.2024 at 4.00 P.M. by tagging the

trees like *Simarouba glauca* in front of the Chemistry department, followed by Prof. Dr. Jyothimol P., Vice Principal labelled our *Monoon longifolium* in front of the college. This unique labelling will help students as well as public who are in the campus to know more about the identity of various tree species in the campus via linked details.
