World Day for International justice 2021: The International Justice Day is celebrated by honouring individuals working to advocate the fundamental human rights of victims affected by criminal acts. World Day for International Justice is observed across the globe on July 17 every year to mark an emerging modern system of justice against international criminal acts. In connection with the same, our unit in association with the Department of Political Science of Baselius College, had conducted a Webinar on the topic – State Sovereignty and International Law and the session was taken by
