BODHA POORNIMA CLASSROOM DEBATES

28.10.2022

IN ASSOCIATION WITH DEPARTMENT OF ECONOMICS, BASELIUS COLLEGE KOTTAYAM

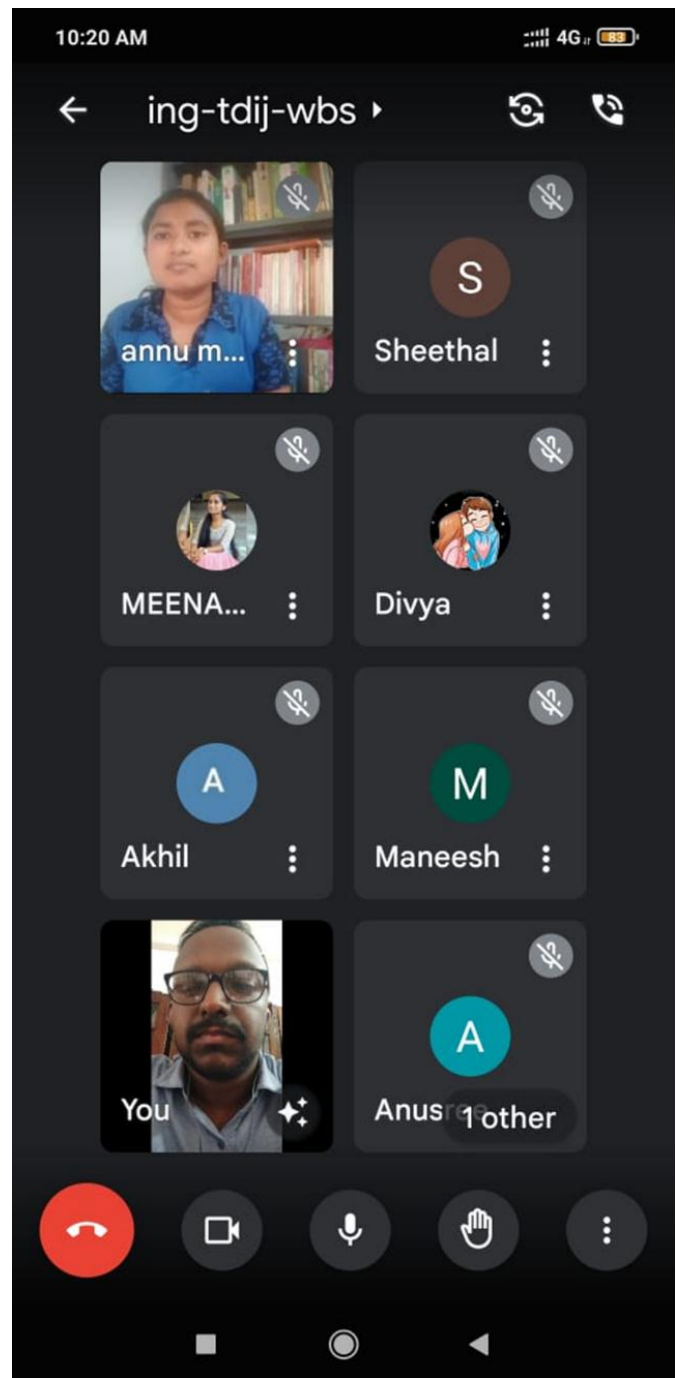

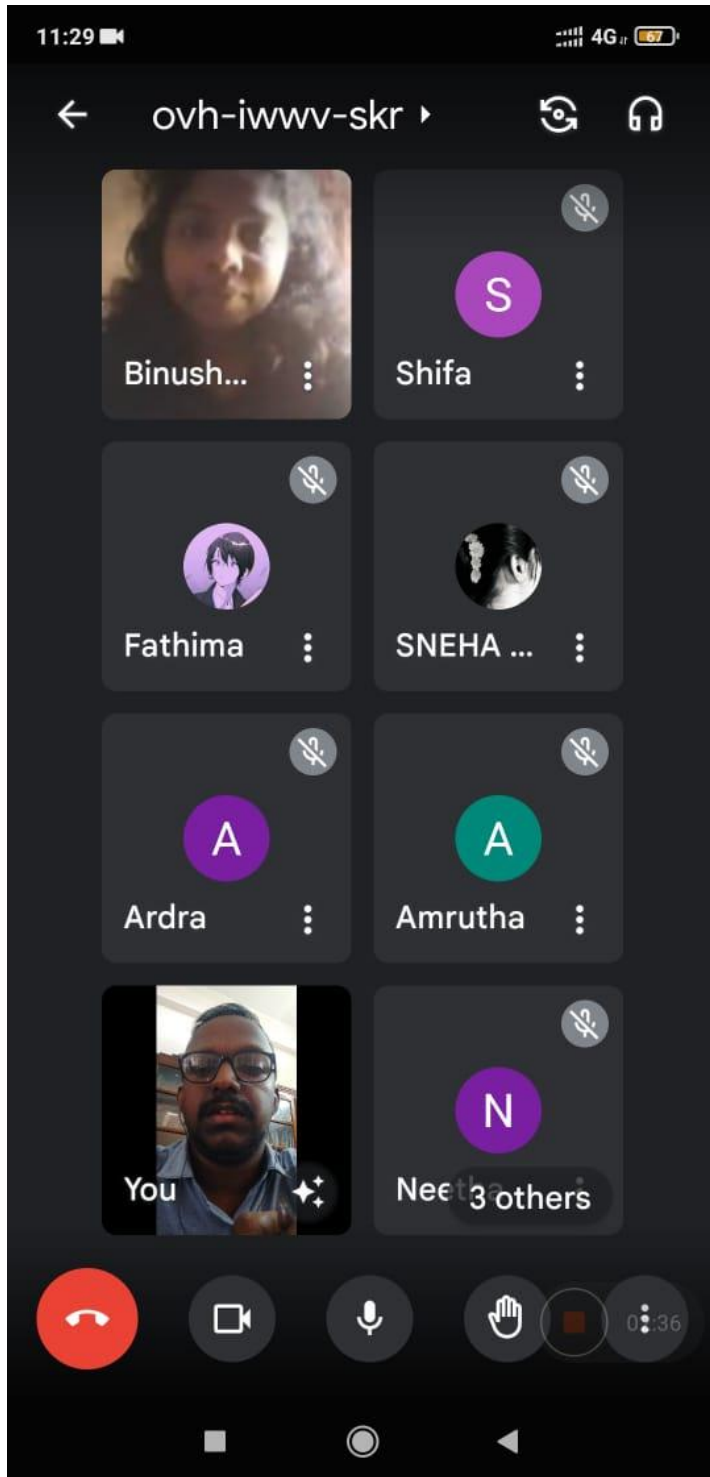

A classroom debate was organized online in connection with Bodha Poornima campaign of Government of Kerala. The programme was held online on 28.10.22. First and second year post graduate economics students were selected for the classroom debate. The topic of the debate was “Are existing interventions to curb substance abuse effective or not?”. Students spoke both for and against the motion. Those who spoke for the motion pointed out that due to initiatives aimed at mitigating substance abuse (like vimukthi), the vigilance and awareness of society in general increased. They opined that these campaigns should focus more on school children as the message is likely to be deeply engraved in their minds forever. Awareness, guidance and counselling can bring back a vast majority of those are inclined into substance abuse.

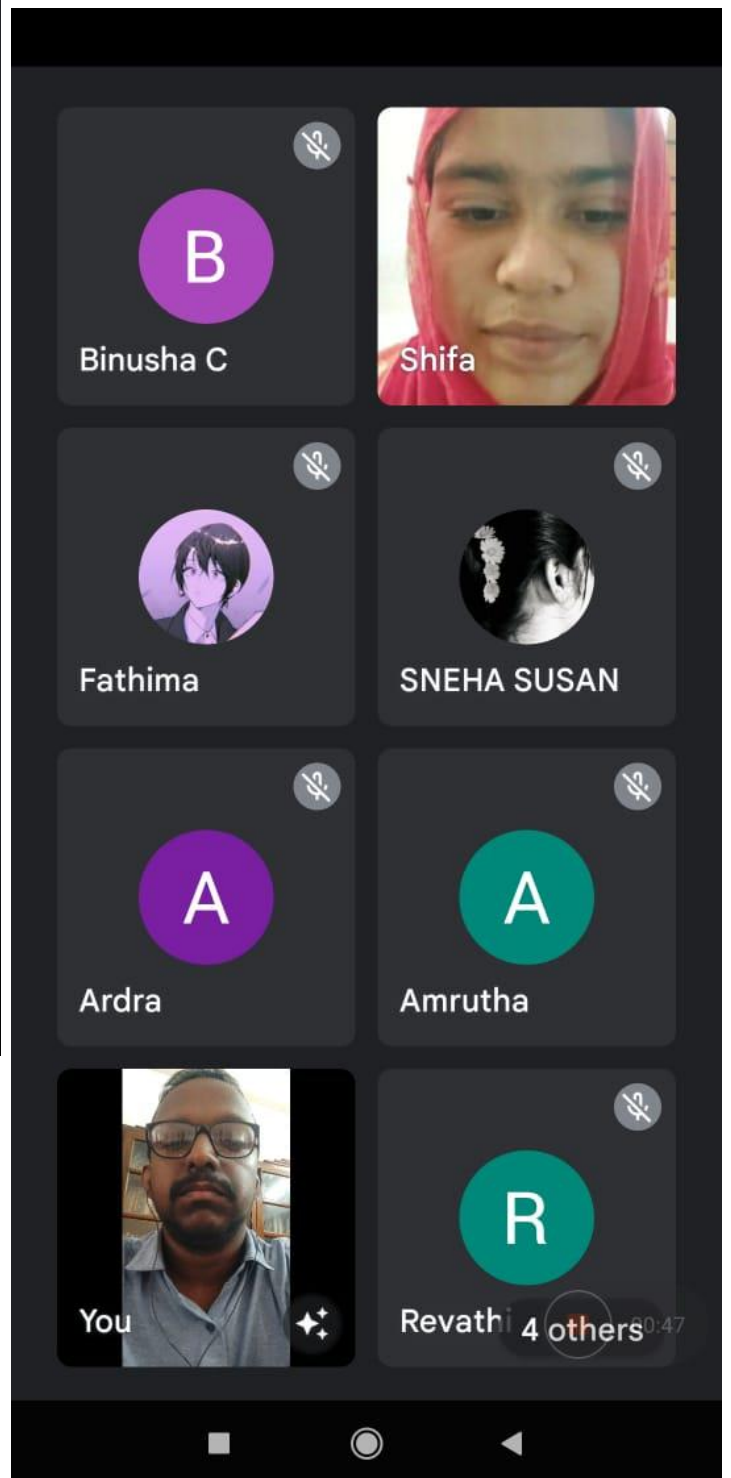

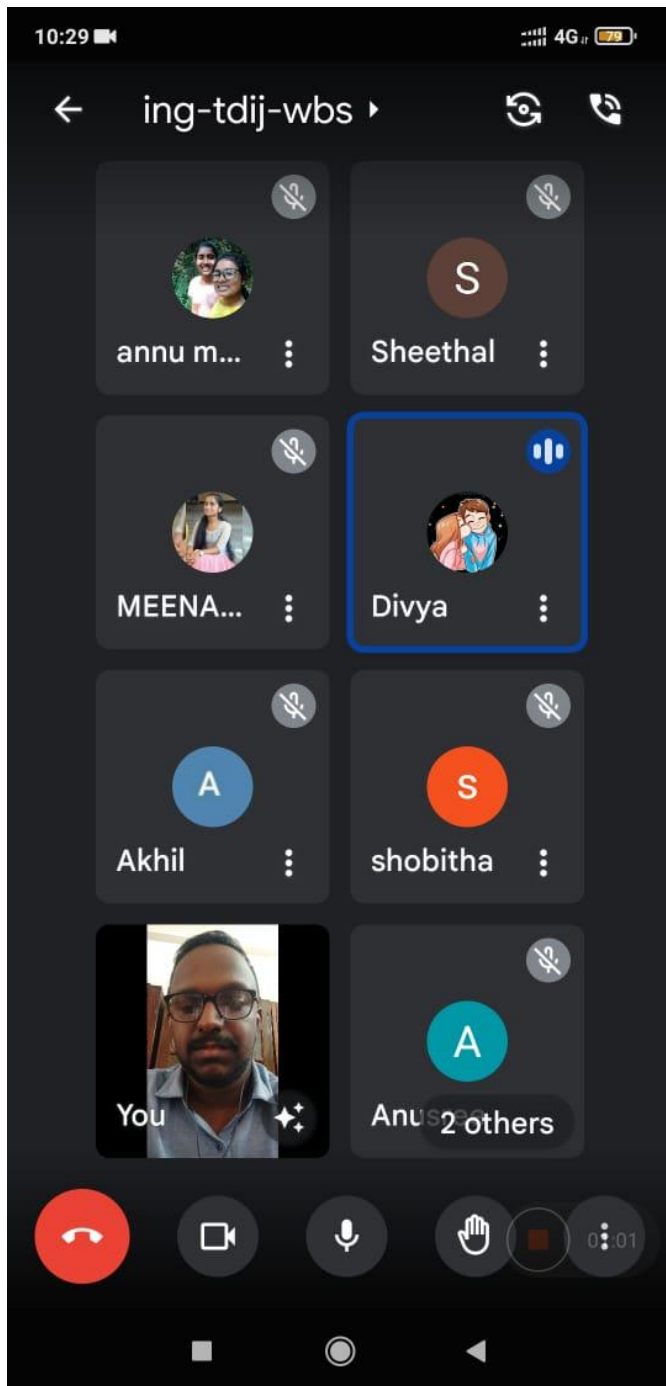

Those who spoke against the motion were not fully against anti-substance abuse campaigns. But they pointed out that some aspects require attention. Ultimately, the decision to refrain from substance abuse is to be taken by the individuals concerned. This aspect is particularly significant among adolescent and youth where peer pressure and curiosity can play a dangerous role. The availability of narcotic and psychotropic substances should decline. This supply side is as important as reducing their abuse through campaigns. The rising cases of substance abuse is a testimony of ineffectiveness of such campaigns. Despite government efforts the roots of supply chains of psychotropic substances cannot be traced completely. Students also pointed at misuse of social media to promote substance abuse. Severe addicts cannot be transformed by mere awareness campaigns. General reluctance of youth to heed top advice also play a role here.
