

Baselius College

Scholar Support Programme

Annual Report, 2021-22

The Scholar Support Programme is an academic initiative to impart personalized attention and support to needy students through internal mentors from the college. The mentors support them by- providing through tutorials, study materials, additional lectures, question banks, and constant monitoring of their progress. If a student needs more assistance than what is typically supplied at colleges to students in the same class, more assistance is provided. The SSP's advantages include the ability to recognise the causes of one's own learning issues, as well as the empowerment of the student with the ability to learn efficiently and write exams effectively.

Owing to the pandemic, SSP of Baselius College started this academic year's sessions through online platform. To ensure the smooth conduct of the programme, a mentor was selected from each department and 5 needy students each from D2 and D3 classes were allotted to the mentors of the respective department. A whatsapp group was created for addressing the main concerns and conveying the important messages.

Mentors from each department employed different methods to support and impart special assistance their wards.

The reports from the various department are listed below.

DEPARTMENT OF ENGLISH- **Anna George**

The Student Support Programme of the year 21-22 played a major role in the time of the pandemic because students needed personal attention to deal with the academic and non-academic matters. The new mode of online teaching was made use of by some students really well, but some others needed an extra help to deal with the unusual pattern. Some of the common problems identified in the D2 and D3 students were the lack of confidence, need of a good vocabulary. So all the students

were students were introduced to new words and their proper usage through their whatsapp groups. Pronunciation issues were also dealt with. They were motivated to listen to new lectures which were conducted by the department.

Sl. No	Student Name	Class	Support Initiatives taken
1	Roshan M Varghese	D2	Equipped him to deal with the Sem 1, Sem 2 and Sem 3 exams since he had missed some classes due to personal problems.
2	Abhin Krishna	D2	Brought him back to the track of attending classes regularly by talking with him about his areas of interest.
3	Varsha Rajesh	D2	Since she had failed in one paper in Sem 1, she needed some motivation to face the new sem and the exams later. Question papers and additional notes were given.
