**Association Inauguration and
Lecture on
“Indian Nationalism And Swami Vivekananda’s Thoughts”
30-11-2017**

**Prof. OM Mathew
(Former HOD ,Dept. of Political Science,
Baselius College, Kottayam.)**

The Political Science Association was formally inaugurated on **30-11-2017** with a lecture on “**Nationalism and Vivekananda Thoughts**” delivered by Prof **O M Mathew** at AP Mani Media Centre. Vivekananda held distinct views on Indian nationalism and freedom. The topic has considerable importance in the current social and cultural scenario. He took an ethical or spiritual view towards freedom. Though growth of Nationalism is attributed to the Western influence but Swami Vivekananda’s nationalism is deeply rooted in Indian spirituality and morality. He contributed immensely to the concept of nationalism in colonial India and played a special role in steering India into the 20th Century. His influence on the youth of 20th century is iconic. The nature of his nationalism is not materialistic but purely spiritual, which is considered to be the source of all strength of Indian life. Since the onset of 21st Century, the world is in turmoil and passing through transition period of a kind. At this hour of human history the message of Swami Vivekananda promoting spiritual integration of the nation and world on the basis of universal brotherhood and goodwill becomes all the more relevant. It has the potential to avert wars ensuring peaceful co-existence of individuals and nations.
