Botany- As a part of green protocol, for reducing the plastic wastes and for enhancing its recycling, association has started a programme named as 'Thoolika petty' to collect used and unused plastic pens. Thoolika petty is placed in front of Botany department where students and staff can drop plastic pens any time.

Dr. Sajish P R and Dr. Krishnaraj M.V., Assistant Professors of Department of Botany inaugurated this initiative by dropping waste pens into the box and many students and staff of our college are regularly using this opportunity for disposing their old plastic pens.

Zoology- The Department of Zoology celebrated Environment Day (5th June) of the year on 12th June, 2019 with a talk by Shri. S. Balasankar, Section Forest Officer and Assistant Editor of "Aranyam" Magazine, Forest Office, Thiruvananthapuram. The programme started with one hour documentary show on 'Environment and Wildlife Diversity' followed by an interactive talk for two hours. He explained the pulse of forest which created a feeling of love to nature and wild rather than fear. It was very interesting and informative for the students

Physics -The Physics Association activities started its long triumphant journey on June 20th 2019 with the "Environmental day celebration". As a part of environmental day celebration, an awareness program was conducted for the students of Government UP School, Ericode on 20th June, 2019. The program was organized for the students of classes 5, 6 and 7. The children were active and interactive throughout the entire session. The teachers of the school were also supportive. The program started off with a presentation on the harmful effects of environmental pollution. It was conducted by Aiswarya Ambady and Varghese Reji of D3 Physics. The presentation was in animation format and quite interesting for the children.

Lakshmi K B and Blessy of D3 Physics demonstrated how to make paper bags and paper pens. The students from the school also come forward to make pens and paper bags. It was a new experience for them. It proved effective as this taught the importance of recycling. After this segment, the students of D3 Physics enacted a skit based on

pollution and protecting the environment. The children were happy and were influenced by the program. It ended by gifting a plant to the headmistress of the Government UP School, Ericadu. This was an amazing moment shared by the students of Government UP School and D3 Physics that set the stage for what was a spectacular academic year for the Physics Department
