## Mentoring & Tutorial

### TUTORIAL SYSTEM AND VALUE EDUCATION

The College is the student's home away from his home. And he is our most precious possession on the campus. To ensure personal care, individual attention and learner analysis, we have introduced tutorial system in the College. This system also satisfies the norms laid down by the UGC in this regard. The system will help promote interpersonal relationship among the members of the Baselius family. The entire student community is divided into groups and each group is entrusted with a teacher who personally looks after the students of his/her group. Separate periods are set apart in the time table for tutorial work.

### Arts Club & Arts Festival

The prime objective of the Arts Club of the college is to inspire and enable the students to actively learn and develop their talents and skills exposing artistic expression.

The Arts Club also monitor the conduct of the Arts Festival. Whether it's through dance, music, or fine arts, creativity is all around the college students and this is often on display during campus arts festivals. Apart from the fun, frolic and platform that it offers to students to exhibit their talents, the arts festival is also an acid test of some students' managerial skills, team- spirit, coordination and camaraderie. The college Arts festival is conducted each year with unique names. In order to ensure the maximum participation from every student and to inculcate in them a spirit of competition, all the students are grouped into four houses. Each group is headed by respective teachers and the competitions are conducted house wise.

### PTA initiatives

The PTA takes great interest in the development of the College. The P.T.A has launched welfare schemes such as the water supply scheme, toilets, installation of a generator, solar light, incinerator etc. Class-wise PTA meetings are held and two representatives, one male and one female, are selected from each class. These parent representatives constitute the General Council. The General Council elects the Vice President, Secretary and Executive committee members.

#### Activities and support from the Parent – Teacher Association

- Induction programme for 1st year UG & PG students
- Counselling sessions for parents and students
- Rainwater harvesting project implemented
- Financial support for University Youth festival and Sports
- Services of trained Counsellor availed

## Go Green Initiatives

### Initiatives taken by the institution to make the campus eco-friendly

- Awareness programmes conducted by various clubs for making green campus.
- Campaign launched by NSS

### Contribution to environmental awareness / protection

- 1) MYFACE: Move of Youth For A Clean Environment: Declaring Kerala to be the first open defecations free state in India.-  
Toilet construction
- 2) Clean Collectorate: Initiative to clean Collectorate of Kottayam
- 3) Return to the way of nature: Organic farming of vegetables launched.

## Best Practices

- 1) Newly admitted students in both UG and PG classes were provided an Orientation Class for moulding their future with respect to their courses
- 2) Fast a day and Feast your friend programme expanded with the introduction of *Pothichoru*: Food packets collected from the students are distributed to the poor and the needy people along the road side and streets of Kottayam every Friday.
- 3) Be positive programme launched
- 4) Blood donation: 100 units of blood was donated to medical college blood bank.

## Academic and Administrative Audit

**Dates of visit- 7<sup>th</sup> November and 8<sup>th</sup> November, 2017**

<b>Criterion I: Curricular Aspects</b>	
Curricular Planning and Implementation	Many teachers are involved in university level curriculum planning. Even though the university gives broad guidelines by way of syllabus and schedule, department wise academic planning (Academic Calendar) is lacking.
Curriculum Enrichment	Teachers need to explore new methods to enrich their courses by incorporating recent developments and trends.
Feedback System	Not satisfactory. A systematic and continuous feedback mechanism has to be followed in all the departments.
<b>Criterion II: Teaching—Learning and Evaluation</b>	
Student Enrolment and Profile	Good
Catering to Student Diversity	Good
Teaching-Learning Process	Needs improvement by adopting newer pedagogical tools.
Teacher Quality	Good. Significant number of teachers is having Ph D. Other teachers also need to acquire higher qualifications. Teachers need to find more time to actively involve in research.
Evaluation Process and Reforms	Student evaluation quite good and transparent.
Student Performance and Learning Outcomes	Needs to benchmark against the high performing colleges under Mahatma Gandhi University.

<b>Criterion III: Research, Consultancy and Extension</b>	
Promotion of Research	Serious thought need to be given by each department to promote research. A systematic plan has to be developed by the authorities (College level & Department level) in this regard.
Resource Mobilization for Research	Although a few teachers have minor projects, a serious attempt is lacking to generate external funding.
Research Facilities	Science departments need to be equipped with basic research facilities which are not at the required level. Computational facilities is lacking in most of the departments. Some departments are still showing output under this limitation.
Research Publications and Awards	Low. Needs a drastic improvement.
Extension Activities and Institutional Social Responsibility	Good.
Collaboration	Nil. Possibilities are high for all departments
<b>Criterion IV: Infrastructure and Learning Resources</b>	
Physical Facilities	Reasonably good.
Library as a Learning Resource	Good. Special attention need to be given to improve the usage rate.
IT Infrastructure	Needs improvement.
Maintenance of Campus Facilities	Satisfactory.
<b>Criterion V: Student Support and Progression</b>	
Student Mentoring and Support	A systematic and continuous student Mentoring system need to be established
Student Progression	No systematic follow up. Needs improvement

Student Participation and Activities	Good especially sports and arts.
<b>Criterion VI: Governance, Leadership and Management</b>	
Institutional Vision and Leadership	College level good.
Strategy Development and Deployment	A time bound roadmap need to be communicated to all stakeholders.
Faculty Empowerment Strategies	Good
Financial Management and Resource Mobilization	Good. But need to identify funding agencies and make serious efforts to mobilize funds.
Internal Quality Assurance System	College level excellent but department level needs strengthening.
<b>Criterion VII: Innovations and Best Practices</b>	
Environment Consciousness	Satisfactory
Innovations	A conscious effort in this direction is lacking.
Best Practices	Onetime events are seen in all departments. Efforts need to be put in to make it a regular practice.
<b>SWOC</b>	
Strengths	A responsive leadership with competent teachers. A good academic ambience with lot of student centric activities and development.
Weaknesses	Inadequate infrastructural facilities to promote research. An efficient feedback mechanism is lacking.

Opportunities	Location advantage backed by a responsive management gives ample scope for attracting good academic activity.
Challenges	To be in the forefront tackling the daily development and changes in the current competitive education scenario.
<b>Recommendations</b>	
•	IQAC cell of the college is functioning in a systematic manner and is maintaining the records. However, it is suggested that each department need to have a coordinator other than the HOD of that department who could liaison with the college level IQAC coordinator. Department level QAC s shall function in a pro-active manner and their activities shall be properly documented.
•	It is observed that the college simply follows the academic calendar of the University. However at the college level an academic calendar could be prepared for the systematic conduct of academic activities such as internal exams, seminars, workshops, extracurricular and extension activities.
•	The college should take initiatives to attract more faculty members towards research by organizing workshops/awareness programs on research prospects and funding opportunities available. For this the college could associate with universities/UGC/CSIR/DBT/AICTE/KCSTE etc.
•	It is observed that the college is having a well equipped central library. But the usage rate seems to be very low. Steps should be taken to improve this.
•	Some departments have inadequate classrooms and IT infrastructure (Computers & LCD projectors). This should be addressed at the earliest. Potential research departments shall be provided with necessary lab/ ICT facilities.
•	Buildings in the college should be made disable friendly by providing ramps and wheel chair. Necessary safety measures including installation of fire extinguishers/ fume hood shall be ensured in laboratories.
•	It is invariably observed that there are no serious efforts taken to maintain data on student progression in the departments with documentary evidence. Efforts need to be taken to maintain documents related to student progression.

•	The placement cell activities have to be strengthened. Efforts have to be taken to identify prospective employers and job fairs/ placement drives shall be conducted. Career Guidance and Placement cell shall plan and conduct placement training and soft skill training.
•	The IQAC shall publish newsletters on a periodical basis to publicise its plan of action and activities. So also, the departments may come out with brochures/pamphlets/newsletters etc which helps in better publicity.
•	Serious efforts shall be taken to strengthen feedback mechanism from all stakeholders. Feedback shall be followed by proper analysis and actions. An on line feedback system may be devised and links may be provided in the website.
