Mentoring & Tutorial

Tutorial system is introduced in the College in accordance with the norms laid down by the UGC in this regard. This system helps to promote interpersonal relationship among the members of the Baselius family and ensures personal care, individual attention and learner analysis. The entire student community is divided into groups and each group is entrusted with a teacher who personally looks after the students of his/her group. Separate periods are set apart in the time table for tutorial work.

Mentoring system is constituted with the primary aim of motivating and moulding young minds because the future of the nation lies in the hands of the youth. All the teachers are allotted a specified number of mentees from each class of study, primarily drawn from the departments same department. Language teachers and Phsyical Education teachers also act as mentors of students of various departments. The mentors interact with the mentees, individually and sometimes collectively and discuss with them various aspects including their academic progress, their personal issues, ambitions and potentials etc. Necessary guidance are given regarding theopportunities relating to employment, higher studies and also the academic opportunities. Mentees are also encouraged in their co-curricular and extra-curricular performances. Details are recorded by the mentors and at the end of the year, a summarized mentee diary is handed over to the Head of the Department for perusal and discussions. As far as possible, the same mentor is given charge of the mentees for the entire currency of Programme. Each department has its own customised mentoring activities too. Mentors also help the mentees in availing professional counselling, if needed. By directing them to the College Counselling centre. The outcome of the mentoring system as a whole is that it bridges the gap between teachers and students. The mentees shed their inhibitions and approach the mentors not just for problem solving but also to get a supporting shoulder to help them bear the stress and strain of peer pressure. The majority of the students fall under the category of late adolescence period, hence mentoring has augmented the proper channelizing of their inherent talents and latent energy for the benefit of the institution and the society. Students are encouraged to participate in club activities that will build their confidence and interpersonal skills

Arts Club and Arts Festival

The Arts Club at Baselius College helps its student community to develop a positive nature and a creatively inclined student with a positive bent of mind and aesthetic approaches in every work he or she does. It provides an unparalleled forum for the students to test their intellectual and artistic prowess. The opportunity that the Youth Festival offers them to exhibit their skills and talents in the field of culture, literary and other activities on a common platform certainly helps to facilitate their overall development.

SAMYUGA: ARTS FESTIVAL 2019-20

The key event of the Arts club- Annual Arts Festival – which aims at providing students a platform for improving their capabilities to work as a team and raising their level of self-confidence in interacting with fellow students and peers, was inaugurated on 15th January at 10.00 am with a formal inauguration function. Over the following two days many young energetic talents took the stage and delivered a host of performances. In order to instil the true spirit of competition, the cultural committee of the college, comprised of the teachers-in charge of Arts Club, House Masters, the Arts Club Secretary and other student representatives, grouped the students of various batches into 4 different houses “Sarod”, “Thamburu”, Ektara”, “Shehanai”. The event is conducted strictly in accordance with the rules framed by the University, for the impartial conduct of the contests. All the competitions were conducted separately for boys and girls.

The inauguration of the Arts Festival was a unique experience. The lighting of lamp was done by Dr.Biju Thomas, Principal, Baselius College along with prayer song by Gayathri K S and Brinda M Nair of D3 Chemistry. The Arts Festival got off to a colourful start when Play back singer Smt. Gowry Lekshmi, the invited guest of honour officially inaugurated the Arts Club on 14th of October 2019. She gave a memorable and inspiring address which was indeed a food for thought for the entire student community. She stressed the role of co-curricular activities in shaping the attitude to life in the impressionable minds.

Academic and Administrative Audit

The Academic and Administrative Audit [AAA] of Basilius College Kottayam, the prestigious higher education institution in the heart of Kottayam, the land of letters, lakes and latex, for the academic year 2019-20 was conducted on 21.04.2021. This report of the AAA is prepared based on the presentations made before the audit team, by the IQAC of the college, various academic departments, documents produced, and the clarifications obtained on the queries raised. The process began by the invitation of the respected Principal Dr Biju Thomas a couple of weeks back. Afterwards several rounds of interactions took place between the audit team and Dr Manoj Narayanan K S, the vibrant IQAC coordinator of the institution for finalizing the date and mode of operation of the process, especially in the context of strict restrictions and protocols associated with the second wave of Covid 19 pandemic. Besides the Principal and IQAC Coordinator, the Vice Principal of the College Dr Jyothimol P, also was actively involved in the whole audit process.
